Cycling plays an important role in the future of Moreland. I'd expect to see the number of people riding a bike as transport to rise considerably over the next four years. As a councillor (if elected), I'd advocate for bike paths, safety and policies that support cyclists. As bikes become a major part of resident life, we must ensure we continue to implement council's bicycle strategy, but also look at the effects that come from this e.g. the growth of bike theft and how we deal with this as a community and council.
