I would like to see the missing link in the Upfield bike path between Box Forest Road and the Western Ring Road built. I also want to see the Craigieburn bike path completed, But there is also a need to look at the safety of existing bike infrastructure. There are too many places where bikes and cars cross paths with blind spots for both cyclists and drivers. There are places where the bike path goes onto the road without warning for cyclists and drivers, creating dangerous conditions for both.
