

Moreland Bicycle User Group (Moreland BUG) is a non-profit organisation run by volunteers advocating for safer riding in Moreland. Each Council election we survey candidates on their commitment to issues affecting people as they get around by bike so that our members and the wider community can make an informed decision at election time.

Candidate Name: Helen Breier

Candidate Affiliation: Labor

7% of Morelanders use their bicycles get to work. (MITS 2019) Others ride to school, the shops and other local destinations. What is your perception of safety for these people in Moreland?

It varies depending on their route. I`m a big time cyclist (being half dutch) and have commuted all my life but I take great care- cyclists will always come off second best in an accident and drivers are gradually becoming more aware and there have been improvements in cycle routes but still I think a need for more education of cyclists also in regards to road crossing and be seen be safe

Road safety, community building, accessibility to transport choices, environmental and public health are public policy issues influenced by decisions Councillors make. What role do you see bicycle use having in these?

- Unrelated
- Some
- Significant part of the solution
- Other

Which of these current projects/issues impact Moreland resident's transport choices?  
(select as many as you believe apply)

- Cumberland Road Separated bike path (retaining parking)
- Glenlyon Road Bunnings Development
- Upfield Shared Path extension to Upfield
- Craigieburn express Shared Use path
- Separated bike lanes on Sydney Road
- Covid-19 Pop up Lanes
- Other

What in your opinion, is the best solution to traffic congestion in an electorate like Moreland?

- Build more roads
- Make it easier for people to access transport options such as public transport and riding and walking.
- Other

What is the most appropriate traffic speed for our local streets to ensure safety for all users?

- 30kph
- 40kph
- 50kph
- 60kph
- Other

The Moreland Integrated transport Strategy (2019) seeks to "Facilitate a demonstrable mode shift to more sustainable modes of transport that also targets a long-term reduction in car use." Do you support this aim?

- 100% yes
- Yes, with reservations
- No

If 'No' or 'With reservations', please elaborate here:

The aim is excellent but the policy is not. Currently the policy is disadvantaging the most vulnerable in our society and clogging our streets to the advantage only of developers. The current policy is not achieving the goals and needs to be re-dressed..

What is the role of Council and Councillor decisions in promoting cycling in Moreland?

- None. There are more important issues
- Minimal - happy to lend passive support for projects funded by others
- Moderate
- Major – cycling is a local issue with significant local benefits
- Other

What are your aspirations for people who want to ride in Moreland over the next four years and what will your contribution to that be?

Cycling in Moreland is growing strongly which is a great thing. Moreland council strategic plan and the Labor Policy certainly look towards further improvements for cyclists which includes more cycle paths, improvements to existing paths and community education for cyclists and drivers. Possibly also need different types of paths ie. those for speedy commuters and those for families, shoppers etc. There is no need for cycling to be in conflict with other community needs. Its a matter of
